ELECTRONIC PRODUCT ENVIRONMENTAL ASSESSMENT TOOL (EPEAT)* EPEAT is a comprehensive procurement program. This rating program includes energy efficiency, take-back programs for equipment, packaging and consumables, reduction/elimination of environmentally sensitive substances and other important environmental attributes.	epeat SILVER	epeat SILVER	epeat SILVER	⊘	epeat SILVER	epeat SILVER	epeat SILVER	epeat SILVER	epeat SILVER	epeat SILVER
IMAGING EQUIPMENT RECYCLING PROGRAM We offer customers convenient recycling options for end-of-life imaging equipment.	●	●	●	●	●	●	●	●	●	●
N-UP PRINT/COMBINE COPY Printing or copying multiple pages of a document on to one page saves paper.	●	●	●	●	●	●	●	●	●	●
RECYCLED PAPER Using old paper to make new paper uses 30 to 50 percent less energy than making paper from new trees.	●	●	●	●	●	●	●	●	●	●
ROHS COMPLIANT Savin products comply with the RoHS (Restriction of Hazardous Substances) directive that bans the use of certain substances in electrical and electronic equipment products.	●	●	●	●	●	●	●	●	●	●
SAMPLE PRINT Outputs a single set before committing the system to a lengthy print job that could result in errors and waste. If the sample set is acceptable, the user can release the balance of the print job; if changes are required the job can be modified or deleted.	⊘	⊘	⊘	⊘	⊘	●	●	●	●	●
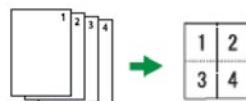

*For a complete list of Savin EPEAT registered products, please visit; www.savin.com/epeat.
